with savings sufficient to meet all local
needs and maintain full employment.
There is a substantial point of view, from
subsidies in agriculture a century ago
that would be to reduce the farm as a
fact that to be a possible way out, we
should consider, seriously to encourage
a means of employing local men.

Change Your Cuffs as You Do Your Collars—

YOU can — if you wear the new Lang Shirts with detachable, reversible, "Tubular" Cuffs. On and off in a jiffy, "Tubular" cuff Cuffs require no adjustment and can't slip. Each cuff has new wearing edges and one shirt can have clean cuffs every day for four days in succession, because these new shirts are sold with two pairs of "Tubular" Cuffs.

Moreover, your "Tubular" cuff Cuffs will outwear the shirt. And they can be washed without the hand rub-

bing which is principally responsible for soiling, necessary, double cuffs long.

Buy one of these new Lang Shirts today — and you'll know wear as other hand. But — be sure you get the Lang Shirt or you won't see "Tubular" cuffs.

If your dealer doesn't tell them, write us for the shirt, a washable wear you also don't get. Lang. Ltd. Cuff Shirts.

THE LANG SHIRT COMPANY, LIMITED, KITCHENER, ONTARIO

growth rate, high density, and the effect of population size on the population growth rate.

Personalities Under Studio Light

The Third of Three Articles
By J. W. L. FORSTER

ILLUSTRATED FROM PORTRAITS BY VEE ATWOOD

The fruit of a useful life is a kindly tolerance of one's fellows, and a mellow outlook on which all things seem good. This is the spirit of Mr. Forster's writing, after a life of intimate contact with the great figures of the Empire.

With a few exceptions, most of the men and women who have been in the service of the Canadian government have been men. The women who have been in the service of the Canadian government have been men. The women who have been in the service of the Canadian government have been men.

A Fine Fellow

AS GOVERNMENT GENERAL. It is a long time since I have seen a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

The private scene of J.W.L. Forster for the many years he has been in the service of the Canadian government. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

...the first of his life. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

...the first of his life. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

...the first of his life. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

...the first of his life. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

...the first of his life. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster. He is a man of the calibre of J.W.L. Forster.

Dr. Catherine Maclean whose influence was profound in Canadian social progress

Imperial Report Under Fire

Suspens Among Old Country Critics Take May-June Report Blasts at Means Recommended for Promotion of Inter-Imperial Trade

THE NEW STATEMENT

ON THE 15th instant, paragraphs in the British press reported that the Imperial Economic Council had proposed that something be done to help the export of goods from the United Kingdom to the rest of the world. The report stated that the Council had decided to set up a committee to study the problem of inter-imperial trade, and to make recommendations to the Government.

The report also stated that the Council had decided to set up a committee to study the problem of inter-imperial trade, and to make recommendations to the Government. The report also stated that the Council had decided to set up a committee to study the problem of inter-imperial trade, and to make recommendations to the Government.

The report also stated that the Council had decided to set up a committee to study the problem of inter-imperial trade, and to make recommendations to the Government. The report also stated that the Council had decided to set up a committee to study the problem of inter-imperial trade, and to make recommendations to the Government.

It is the fact that the report is a mere check or measure, which has been brought forward as a mere stop-gap measure, and which is not intended to be a permanent solution of the problem. It is the fact that the report is a mere check or measure, which has been brought forward as a mere stop-gap measure, and which is not intended to be a permanent solution of the problem.

Miners and Owners Far Apart

Farrell and Confronting Problems Must be Solved by Understanding British Coal Strike Danger is Over

BY JONAS AND ANDERSON

MINING is a business which is not only a source of wealth, but also a source of trouble. The miners and the owners are often at odds, and the problems that arise are often difficult to solve. The British coal strike is a good example of this. The miners are demanding higher wages and better conditions, and the owners are refusing to give in. The result is a strike that has caused a great deal of trouble for the country.

The British coal strike is a good example of this. The miners are demanding higher wages and better conditions, and the owners are refusing to give in. The result is a strike that has caused a great deal of trouble for the country.

Smoothest FORD power comes from smooth, free valve action

How inter-carbon transfer or helps

The Ford piston and valve diagram shown below gives another plain reason why Mobil "E" will enable you to get the most abundant power from your Ford and will quieter, still more economical mileage.

The Ford pistons overrun the top of the cylinder bore. That is, the piston head at the end of its upward stroke is higher than the top of the bore.

Any oil carried on by the piston rings may be forced into the valve chambers and get over on the valves and on the valve seats.

You realize that oils differ widely. Heavy oils burn less readily than light ones. And many oils leave a "tarry" residue.

Such oils may gum the valves. The trouble may not be noticeable at first. But it will certainly interfere with power and hasten your need for valve grinding.

The superior results which Mobil "E" gives in a Ford engine include superior valve protection. Any Mobil "E" which normally reaches the combustion chambers is burning smoothly. Any carbon is a light dry dust which readily blows through the exhaust.

This means quicker response to acceleration, greater power on the hills, a quiet motor, greater gasoline and oil mileage and, best of all, more freedom from repair bills.

Dealers who believe in specialization. The dealer who recommends Mobil "E" for your Ford engine does so because he knows that the Vacuum Oil Company is recognized as an expert in lubrication. He knows that in quality Mobil acts as a world standard.

These reasons fail to be a statement of the value of Mobil "E" as used in your Ford car. That is why Mobil "E" users must understand that no such reason is as valuable as the other oils.

For more news of Mobil "E" The 5-piston or 6-piston model. CORD or 12, 30, or 35-hp. models with 24 valves or 24 valves.

The signs on cars are Ford's.

Write to WTAM (The Voice of the Storage Battery) for this booklet

Much of the research work which has resulted in the high quality of Willard Radio Batteries, and which is constantly improving this quality, is carried on by Radio Station WTAM.

This station is owned and operated by The Willard Storage Battery Company, Cleveland, Ohio.

In management has just published a new interesting booklet entitled, "New Batteries Don't Stay New," which we will be glad to send you with our compliments.

Requests for this booklet should be addressed to The Willard Storage Battery Company of Canada, Ltd. Toronto, Ont.

WTAM is on the air for your enjoyment every Monday Wednesday and Saturday evenings—approximately 220-4 meters.

Dinner concert every evening.

Willard RADIO Batteries are a product of The Willard Storage Battery Company of Canada, Ltd., Toronto, Ont.

Combined from page 31 of the November 1935 issue of the "The American" magazine. The story is by Margaret L. Lee. It is a story of a woman who is a radio enthusiast and who is a member of the "The American" magazine. She is a woman who is a radio enthusiast and who is a member of the "The American" magazine. She is a woman who is a radio enthusiast and who is a member of the "The American" magazine.

There, Mr. Tinsdale, you see, that the radio is a very important thing in the life of a woman. It is a thing that is very important in the life of a woman. It is a thing that is very important in the life of a woman. It is a thing that is very important in the life of a woman.

How this easier way of cleaning helps to keep your family well

A HAZARD OF HOMESTEADING

By AGNES Y. ARMOUR

It is this exposure of what is at the heart of the matter, that is the real danger. It is this exposure of what is at the heart of the matter, that is the real danger. It is this exposure of what is at the heart of the matter, that is the real danger.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

Miss Agnes Armour

A new discovery on the habits of germs and what it teaches about family health.

Two-thirds of women all over the country are advising that the way of the world is the way of the world. They are advising that the way of the world is the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world. There is a danger in the way of the world.

Lysol Disinfectant

*Miss Evelyn's economy is furthering a sale.
We'll let you in the secret shop to marry very soon.
She bought a set of silverplate the Triumph she loved best.
A pattern truly exquisite in knife or fork or spoon.*

"Evelyn" Had an Eye for Beauty

She loved the "Triumph" pattern best. You will love it too. For of all things beautiful—this newest creation of Wm. Rogers & Son is indeed a Triumph of Achievement. It symbolizes sixty years of artistry and skill in the making of fine silverplate. It is rightly named—Triumph.

Just ask your dealer to show it to you. Let your eyes enjoy its charm. Then realize its most moderate cost.

What could be more esteemed as an anniversary or a wedding gift, or what more useful as an addition to the home than this entrancing table-ware? Every piece carries our guarantee of satisfaction without time limit, and the trademark, Wm. Rogers & Son, is stamped, in full, on the back of every piece. But you must see it!

Two Tea Spoons for the Price of One

Send 25c and your dealer's name for a sample of the beautiful new Triumph pattern, and you will receive with the sample Tea Spoon, directions which will enable you to obtain another Tea Spoon free of charge through your dealer.
